

Mahler's\$ Dollar\$

**\$9,384.61 Every Two Weeks?!
THE MATH DOESN'T ADD UP...**

County Payroll Records Raise Serious Questions

County payroll records show the County Manager's regular salary remained unchanged at \$3,846.15 per pay period.

The records also show a separate CLLA compensation payment that was expected to be \$1,692.31 per pay period.

Instead, payroll records for Pay Periods 1-10 (April-August 2026) reflect **CLLA payments** of **\$5,538.46 per pay period**.

As a result, the **County Manager's** total bi-weekly **compensation** reached **\$9,384.61 per pay period**.

The amount paid under the CLLA line item, **\$5,538.46, is equal to the combined total of the County Manager's regular salary and her normal CLLA compensation.*

The Questions Taxpayers Deserve Answered

- Was this increase approved by the County Commission?
- If so, where is the vote authorizing it?
- If not, was this a payroll error?
- **If an overpayment occurred, has it been repaid?**

These payroll amounts were not paid in secret; Catron County Commissioners had access to the payroll documents prior to approving them at commission meetings.

The attached public records document the payments.

Review the records and decide for yourself.
